Version 1.0 | 2026 | CONFIDENTIAL

The **HVTS Ecosystem Fund** is a professionally structured Forex PAMM (Percentage Allocation Management Module) investment vehicle, engineered by **GalaxyChain Technologies Ltd.** It harnesses HVTS AI — a high-performance, machine-learning-powered algorithmic trading system — to generate consistent returns in global Forex and cryptocurrency markets.

HVTS AI deploys over **100 technical indicators** across multiple timeframes, operating approximately **200 embedded trading engines** utilizing custom DCA (Dollar-Cost Averaging) and Grid strategies. The fund trades up to **10 Forex pairs** and BTC/USD, managed through a dedicated PAMM account on the Vantage LLC broker platform (MT5 ID: 2100383371).

This document constitutes the formal **Legal Terms of Engagement** for all Equity Contributors participating in the HVTS Ecosystem Fund. By executing this agreement, all parties confirm their understanding of the investment structure, profit sharing, risk parameters, and mutual obligations.

2. THE HVTS AI PLATFORM

HVTS — High Volume Trade Service — is a proprietary AI-powered algorithmic trading expert system developed by GalaxyChain Technologies Ltd. Key capabilities include:

- Over **100 technical indicators** spanning multiple timeframes for precision signal generation
- Approximately **200 automated trading engines** with embedded custom DCA and Grid strategies
- Trades up to **10 Forex currency pairs** plus BTC/USD for diversified market exposure
- Neural Network architecture** (BiLSTM + Multi-Head Attention) for trend and price prediction
- Advanced hedging strategy** to minimize equity drawdown on weak market trends
- Real-time **market regime detection** and signal confidence scoring
- Autonomous retraining every 12 hours and analysis report generation every 4 hours

The HVTS Neural Network Technical White Paper (v1.0, 2026) provides full documentation of the underlying deep learning architecture. The system operates as a continuously running autonomous service.

3. LEGAL TERMS OF ENGAGEMENT

3.1 Account Setup & Minimum Investment

- Every Investor/Equity Contributor is required to open or maintain a live trading account with **Vantage LLC** (www.vantage.com) and fund it with a minimum of **USD \$100** for individual investors or **USD \$10,000** for corporate entities and group investors. All funding is processed through the investor's own broker-customized back office/wallet.

3.2 PAMM Account Connectivity

- All funded accounts will be linked to the **HVTS-PAMM MT5 trading account (ID: 2100383371)** on the Vantage broker platform. This connection pools liquidity across all participant accounts to enable optimal trade execution and maximum market impact.

3.3 Capital Lock-Up Period

- Capital or funded accounts connected to the PAMM will be committed for a **minimum holding period of ten (10) months** before any equity withdrawal is permitted. This ensures consistent profit results, compounding of returns, and adequate liquidity for active running trades.

7. Monthly trading profits generated by the PAMM system shall be distributed as shown in the table below. The Equity Contributor's share may be withdrawn monthly or compounded at the contributor's sole discretion.

Party	Allocation	Description
Equity Contributor	50%	Monthly profit share
Trader (HVTS AI)	35%	Trading operations fee
Agent / Referrer	15%	Commission for referral

3.5 Monthly Reporting & Fund Security

5. GalaxyChain Technologies Ltd guarantees the security of all Equity Contributor funds within the Vantage broker ecosystem and shall provide comprehensive monthly trading performance reports and immediate notification of any material issues.

3.6 Risk Management Specifications

6. The following risk management parameters govern all HVTS AI trading operations. HVTS AI holds positions in the direction of the major market trend, with hedged positions opened on weak trends to minimize drawdown.

Parameter	Value
Max Lot Size	1 LOT per \$100,000 USD equity
Stop-Loss Strategy	Hedged positions in major trend direction
Max Scale	Up to \$1,000,000 per account
Instruments	10 Forex pairs + BTC/USD
Trading Engines	~200 (DCA + Grid strategies)

3.7 Withdrawal Rights & Investor Autonomy

7. All withdrawals are initiated **exclusively by the Equity Contributor** through their personal Vantage broker back office. The PAMM Account Manager does not hold, access, or control any investor account credentials or funds at any time.

3.8 BTC/USD Trading & Account Scaling

8. In addition to Forex pairs, HVTS AI actively trades **Bitcoin (BTC/USD)**. Account scaling is supported up to a maximum of **USD \$1,000,000 per account**, enabling institutional-level participation.

4. RISK INDEMNITY & TOKEN COLLATERAL

Important Notice: Trading Forex, cryptocurrency, and related financial instruments involves a **high level of risk**. These activities may not be suitable for all investors. Past performance does not guarantee future results. Equity Contributors acknowledge that capital loss is possible and that they invest at their own risk.

GalaxyChain Technologies Ltd bears the primary operational trading risk and, as additional security for all PAMM Investors, provides:

GalaxyChain Technologies Ltd | vantage.com
 Cryptocurrency equity AIRDOPS on a 1:1 basis of HVTS Portfolio (Ecosystem Tokens) as collateral security

- Full transparency of token allocation and release schedule provided upon onboarding
- Investor retains **full withdrawal autonomy** via the Vantage broker back office at all times (subject to lock-up terms)

■ 5. AGREEMENT & SIGNATURES

By signing below, both parties confirm that they have read, fully understood, and agree to be legally bound by all terms and conditions set forth in this **HVTS Ecosystem Fund Investment Proposal and Legal Terms of Engagement**.

This agreement is entered into voluntarily by the Investor/Equity Contributor, who acknowledges the investment risks disclosed herein, and by the PAMM Account Manager on behalf of GalaxyChain Technologies Ltd.
